PROFILE

Final-year CS student with hands-on experience building scalable backend systems using Java, Node.js, and AWS. Strong interest in entrepreneurship, personal development, and product-led growth.

PROJECTS

StreamCore

(May 2025- Sept 2025)

- Designed and developed RESTful APIs for a video streaming platform using Node.js.
- Implemented JWT-based authentication securing all user endpoints.
- Integrated MongoDB with AWS S3, Lambda, and EC2 for automated video processing and storage.
- Containerized application using Docker and designed CI/CD pipeline with GitHub Actions, achieving 99.5% uptime across distributed deployment

Women Safety Navigation System using ML and A* Algorithm

(Sept 2024 - Dec 2024)

- Built a real-time navigation system processing 10,000+ crime records to identify unsafe areas and generate safe routes.
- Integrated Maps API for precise location pinning and real-time route visualization.
- Combined Gradient Boosting Classifier (92.7% accuracy) with A* algorithm for crime-aware, optimal path navigation.

Online Banking Application using Java-JDBC Servlets

(Jan 2024 - March 2024)

- Created a secure banking application supporting 1,000+ user accounts.
- Implemented account management, transactions, and authentication using Java, JDBC, Servlets.
- Built transaction processing with validation checks, reducing data errors by 60%.
- Implemented unit tests for transaction and authentication logic using JUnit.

Restaurant Management System (Using Python tkinter and MySQL)

(Oct 2023 - Dec 2023)

- Engineered a management system handling 100+ daily orders.
- Reduced manual order processing time by 45%.
- Built GUI using Python Tkinter and integrated MySQL for inventory and billing.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science

Vishwakarma Institute of Information Technolgy, Pune | Graduation: 2026 | CGPA: 8.32

Higher Secondary Certificate (HSC)

Nirala Vidyalyaya College, Nagpur | Graduated: 2021 | Percentage : 96%

Secondary School Certificate (SSC)

School of Scholars, Amravati | Graduated: 2019 | Percentage : 92.3%

EXPERIENCE

Rising Education - Internship

(July 2025 - Oct 2025 & July 2024 - Oct 2024)

- Designed system architecture and defined input/output requirements for an automation tool serving 15,000+ students in MHT-CET CAP rounds.
- Collaborated with stakeholders to translate business needs into technical specifications, reducing manual counselling work by 90%

Freelance Video Editor

(Dec 2023 - Dec 2025)

- Edited marketing videos for multiple clients, increasing social media impressions by 3x.
- Contributed to content strategies generating 1M+ cumulative views.
- Curated and directed social media content generating 50+ million impressions.

Chief Finance Officer at Entrepreneurship Development Cell ,VIIT

(Aug 2024 - Sept 2025)

- Handled all the finances and budgeting involved in the Pune's Biggest E-Summit VISHWAPRENEUR, with a 20+ tier 1 Guest and footfall of 1800+ audience.

CERTIFICATIONS & TRAINING

- IEEE - Research Paper Presentation
- AWS - Solution Architect
- Udemy - Agile Scrum Master

SKILLS

- Languages: Java, SQL
- Database: MySQL, JDBC
- Backend: Node.js, REST APIs
- Cloud & DevOps: AWS (S3, EC2, Lambda), Docker
